

Apex Centinel Investment Traction and Capital Flow Summary

1. Business Traction Highlights

DocupletionForms.com:

- SOC 2 compliance roadmap in progress
- Platform integration with Zapier, Jotform, and Salesforce
- Early demo users and pipeline of faith-based clients

ApexLawService.com:

- Active paralegal subcontracting supporting litigation clients
- Generating revenue and near profitability

RetainerCrypto.online (in development):

- Infrastructure for crypto vaulting, invoice offsets, and milestone-based service payments
- Linked to DocupletionForms workflows and Apex Law Service backend

2. Capital Flow Model

Revenue from DocupletionForms.com subscriptions and Apex Law legal support flows into Apex Centinel's Bitcoin mining operation. BTC profits then fund operational reserves, investor returns, and nonprofit efforts under PraxisProfessional.com.

This model ensures:

- Stability through BTC cash flow
- Strategic reinvestment into scaling
- Built-in support for access-to-justice and social impact

3. Praxis Holding Asset Offset Strategy

Praxis Holding can accept:

- Personal property (vehicles, electronics, collectibles)
- Cryptocurrency
- IP rights or royalties
- Contracted service barterers

These assets are either:

Apex Centinel Investment Traction and Capital Flow Summary

- Held as security
- Liquidated to reduce invoices
- Vaulted in an IDGT for equity buy-back or trust swap

4. Praxis Investigations Capabilities

As a licensed PI firm under Apex Centinel:

- Civil/family surveillance and investigations
- Corporate fraud and due diligence
- Anti-trafficking red-flag systems and law enforcement referrals
- Faith-based organizational safety audits and abuse claim vetting

Profits flow back into BTC operations and nonprofit funding cycles.
