

# INVESTOR IMPACT & GROWTH PITCH

*Become the First \$20K Investor in a \$20B Vision*

## What Your \$20K Seed Investment Creates Today

Your funding directly powers the fight against sex trafficking while fueling a vertically integrated, privacy-first, AI-powered legal and financial platform. Your investment enables:

- 10-13 sex trafficking survivors to receive full biblical trauma counseling (20+ sessions each)
- 5-10 rescue/legal cases supported with pro bono research & document prep
- 500+ paralegal hours donated to private investigators and attorneys
- 100+ automation licenses for intake forms, affidavits, and immigration docs
- Development of 2-3 critical system modules: Doc automation, KYC stack, milestone vault logic

You change lives today-and build the architecture for the next-generation justice system.

## How Your \$20K Grows Tomorrow

By investing now through a convertible note (valuation cap: \$10M), you can realize extraordinary upside if you remain in until full growth. Here's what your \$20K could become:

Stage	Valuation	Shares	Value
-----	-----	-----	-----
Early (Now)	\$10M	~20K	\$20,000
Series A	\$100M	~20K	\$100,000
Series B	\$1B	~20K	\$1,000,000
Exit / IPO	\$20B	~20K	\$20,000,000

Early investors win big: 1000x vs. 10x for late-stage entries.
